

GREEN BUILDINGS

FOR A SUSTAINABLE FUTURE

WHAT IS GREENRE

We are Malaysia's leading green building certification body developed by the industry for the industry

GreenRE was established by REHDA Malaysia in 2013 to provide an objective and transparent system for property developers to certify their projects as environmentally sustainable.

As of 2022, GreenRE has a portfolio of projects encompassing more than 200 million square feet.

Our prestigious GreenRE logo is the hallmark symbol for high performance green buildings and townships with reduced environmental impact.

International recognition

GreenRE is the Malaysian adaptation of Singapore's Green Mark which is an established and internationally recognised green rating system

Government approved for tax incentives

GreenRE is recognised by the Federal Government for green building tax incentives and endorsed by local authorities.

WHY CHOOSE US?

Cost savings in the long term

GreenRE certified buildings and townships are resource efficient. They use less energy and water resulting in cost savings and ultimately reduced carbon footprint

WHO IS IT FOR?

- GreenRE is for all
- real estate
- projects at any
- phase of
- development,
- from homes to
- skyscrapers to
- township projects
